Dear

Thank you for your support of PHANA. Thanks to you and the other PHANA members, significant strides have been made to strengthen the Pathwork in North America. To date, PHANA has: (1) established itself as a voluntary association with a website and a Register of Pathwork Helpers; (2) been instrumental in establishing the North American Pathwork Association (NAPA); (3) co-developed – with the Pathwork Press – the Pathwork Teachers Helper (PTH), a web-based collection of teaching materials; (4) developed a draft Code of Conduct for PHANA members; and (5) secured the services of a professional graphics designer to design web sites, business cards and letterheads for PHANA members at discounted prices.

You can find more information on the above items by visiting www.phana.org, which also includes other PHANA information, such as its mission statement and copies of all PHANA Council minutes and reports.

As we contemplate the next phase for PHANA, we seek your input. The enclosed "PHANA – Phase 2" proposal outlines new initiatives for the year ending August 31, 2005. These do not require any change to existing membership fees. The proposal also includes a revised mission statement and revisions to PHANA's Membership Criteria. Please review the proposal and send us your comments and suggestions.

We also invite you to consider becoming a member of the PHANA Council. It is a wonderful opportunity to help PHANA fulfill its important mission. The Council is small but we have accomplished a lot, as you can see from the first paragraph above. To minimize costs, the Council operates via email with bimonthly teleconferences. The practical commitment for Council members is to be a PHANA member, have access to email and to read 2-3 emails a week. Please take a moment to see if this is a way you might be of service to the Pathwork. If it is, please let us know.

We look forward to hearing from you!

In Service,

Roddy Duchesne,
